ASK the recovered dyspeptics, bilious sufferers, victims of fever and ague, the mercurial diseased patient, how they recovered health, cheerfulness, and good appetite; they will tell you by taking SIMMONS' LIVER REGULATOR.

The Cheapest, Purest and Best Family Medicine in the World!
For DYSPEPSIA, CONSTIPATION, Jaundice, Bilious attacks, SICK HEADACHE, Colic, Depression of Spirit, SOUR STOMACH, Heartburn, etc. This unrivaled remedy is warranted not to contain a single particle of MERCURY, or any mineral substance, but is PURELY VEGETABLE.

Containing those Southern Roots and Herbs which an all-wise Providence has placed in countries where Liver Diseases most prevail. It will cure all Diseases caused by derangement of the Liver and Bowels.

The SYMPTOMS of Liver Complaint are a bitter or bad taste in the mouth; Pain in the Back, Sides or Joints, often mistaken for Rheumatism; Sour Stomach; Loss of Appetite; Bile alternately constive and lax; Headache; Loss of Memory, with a painful sensation of having failed to do something which ought to have been done; Debility; Low Spirits; a thick yellow appearance of the Skin and Eyes, a dry Cough often mistaken for Consumption.

Sometimes many of these symptoms attend the disease, at others very few; but the LIVER is generally the seat of the disease, and if not regulated in time, great suffering, wretchedness and DEATH will ensue.

The following highly esteemed persons attest to the virtues of Simmons' Liver Regulator: Gen. W. S. Holt, Pres. Ga. S. W. R. Co.; Rev. J. R. Felder, Perry, Ga.; Col. H. K. Sparks, Albany, Ga.; C. A. Simmons, Esq., Sheriff Bibb Co., Ga.; Hon. Alexander H. Stephens.

"We have tested its virtues, personally, and know that for Dyspepsia, Biliousness and Troubling Headache it is the best medicine the world ever saw. We tried forty other remedies before Simmons' Liver Regulator, but none gave us more than temporary relief; but the Regulator not only relieved, but cured us."—Dr. TELEGRAPH AND MESSENGER, Macon, Ga.

COULDN'T BEAT IT.

How the Smart Farmer Won the Groceryman's Money.

An amusing story is related of a farmer who came into a village grocery in one of our western states and exhibited to an admiring crowd an enormous egg, about 6 inches long, which was laid by one of his old hens. He had packed it in cotton, and wouldn't allow anybody to handle it for fear of breaking the phenomenon. The groceryman examined it with the rest, and, intending to chaff the countryman, said: "Pshaw! I've got something in the egg line that will beat that."

"I'll bet you \$5 you haven't!" said the countryman, getting excited.

"Take it up!" said the groceryman, and going behind the counter he brought out a wire egg beater.

"Hold on, there," said the farmer; "let's see you beat it," and handed it to the grocer.

The latter held out his hand for it, but dropped it in surprise on the counter, where it broke two soap plates and a platter. It was of iron, painted white.

"Some folks think they are terrier cats," muttered the farmer as he pocketed the stakes and left, "but 'tain't no use buckin' against the solid facts."

TO DAM THE RIO GRANDE.

Spot Selected for the Great International Dam Near El Paso.

New Orleans, Aug. 26.—Capt. George McC. Derby, in charge of the local office of the United States engineers, returned yesterday from a ten days' trip to El Paso, Tex., where he went to attend a conference of the United States authorities and a number of Mexican officials. The prospective plan of damming the Rio Grande a couple of miles above El Paso is well known, and the details have received broad publication. At the spot chosen for the undertaking the river narrows to a gorge about 500 or 600 feet wide, offering a good opportunity for constructing the dam to hold the water that would flood the valley above the gorge. This would make it possible to store up the flood water of the Rio Grande and afterward it would be used for irrigating a valley ninety miles long below El Paso which now bids fair to become uninhabitable reason of the fact that the people above in Colorado and New Mexico consume all the lowwater discharged for irrigating their own lands.

Capt. Derby's return yesterday was on his second trip and he said that the result of the conference was most satisfactory in every respect. All of the Mexican commissioners who were present were very agreeable gentlemen who offered every inducement in their

Highest of all in Leavening Power.—Latest U.S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

power to make the conference a success. The surveys have been ordered and it is expected that this part of the work will be completed in November, when Capt. Derby will make another trip to El Paso.

ROMANCE OF THE GRAND CANAL.

Rochester, N. Y., August 28.

A few days ago there arrived in this city a young Italian girl by the name of Lucia Pasquale, 16 years of age. She was accompanied by her mother and the two had come to this country to search for a young Italian by the name of Vincenzo Laneva. The young man had left his native country to seek a fortune in this country. He and the young girl had become betrothed in sunny Italy and he was to send for her when he had secured a position or made enough money to support a wife. The mother and daughter arrived several months ago and have visited many places. When they arrived here, almost immediately on getting into the city, they ran across a gang of workmen repairing some street car tracks. In the number the maiden recognized her lover instantly. There was a strange scene of recognition and reunion right on the busy thoroughfare. The three then prepared for the wedding. It was decided it should take place without further delay. The mother, however, was taken ill the next day and it had to be postponed, but today, as she had improved, the couple sought a public officer and were married.

Laneva was formerly a gondolier in Venice. He is 28 years old. One day, fourteen years ago, a little 2 year-old girl fell into the Grand Canal. He rescued her and an acquaintance with the family resulted. He watched the little girl grow up, and when she was 11 or 12 years old told her mother he wanted to marry her and would wait for her. As she matured she fell in love with him and their affection has never wavered.

SIX THOUSAND CHRISTIANS BUTCHERED.

London, August 24.—The "Daily News" this morning says that Dr. Nicolaides, the official representative of the Cretan Reform Committee, who is now in Berlin, has issued a report on the Cretan massacre.

Dr. Nicolaides asserts that the statements in this report can be confirmed by the Consuls at Candia, and that the diplomatic representatives there will verify the assertion that 6000 Christians have been murdered in Crete, often with revolting brutality.

MEXICAN CAPITAL.

Mexico, City, Aug. 28.—The famous banquet in honor of Minister of Justice Joaquin Baranda promises to be a magnificent affair. It is gotten up by purely personal friends of the minister and has absolutely no political significance only a just homage to an illustrious lawyer and member of President Diaz's cabinet.

The reforms which the new General Manager of the street car system Thos. H. McLean proposes to introduce will make this a model system. He proposes to give this city better accommodations than heretofore and whilst not reducing prices he will give them longer rides for their money.

Most of the American newspapers are publishing differences between United States and Mexico prices. These are generally erroneous like some of the San Antonio Express published and serve to give erroneous opinions abroad about Mexico which is most unjust.

The governor of the federal district Revollar is looking into complaints made by Indians in outlying towns against the local authorities. Whilst doing this he should pay particular attention to the political prefect of Tlalpam.

The electoral excitement in the state of Puebla is very high between friends of the two candidates for the governor—Generals Santibanez and Martinez.

Knife fights are very frequent in the interior of Belem prison.

The Spaniards residing in Mexico have voluntarily subscribed over half million dollars to aid Cuba.

Government has declared forfeiture of the mining concession to Garza Trevino and the confiscation of his deposit for non-compliance with his part of the concession.

Awarded Highest Honors—World's Fair.
